The Wilson tool cabinet XSC guarantees maximum organisation with minimum space requirements. Thanks to vertical drawers, the tools are always ready to hand.

- Ease of access from both sides.
- Perfectly tailored fittings ensure protective storage with an optimum use of space.
- Maximum payload of up to 4,500 kg per cabinet (up to 900 kg per drawer) thanks to extremely robust plastic rollers.
- Transport notches for lift trucks or carts enable quick transport when empty.

HOW TO PICK THE RIGHT CABINET FOR YOU

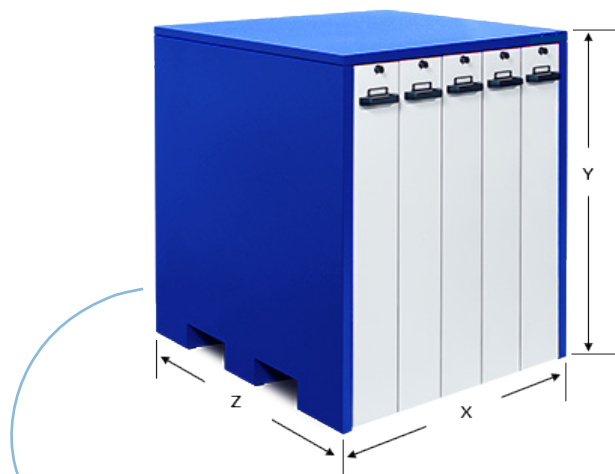

Key Code: X S C X Y Z

XSC - Xtreme Storage Cabinets

X - Defines the number of **drawers**
[3] or [5] drawers

Y - Defines the **height** of the cabinet
Small - 1240mm [1]
Medium - 1620 mm [2]
Large - 2140 mm [3]

Z - Defines the **depth** of the cabinet
Standard - 1050 mm [1]
Extra - 1300 mm [2]

Example: XSC 5 (drawers) **2** (1620mm) **1** (1050mm)

Other Examples:

XSC 312 = 3 drawers, small cabinet, extra depth

XSC 521 = 5 drawers, medium cabinet, standard depth

XTREME STORAGE CABINETS - WITHOUT DRAWER INSERTS

Large Cabinet

CLEANING & COOLANT STATIONS

CLEANING STATION

COOLANT STATION

IDEAL FOR A 5S IMPLEMENTED WORK-SPACE

Introducing the new Cleaning and Coolant stations from Wilson Tool, these compact and easy to move units can help you find the products you need quickly and efficiently. The use of shadow boards means each product has it's own location, making items easier to locate and return. This is an ideal product to help you implement 5S, a method that encourages organisation, identification and efficiency in a lean manufacturing environment.
